Letter from El Proyecto's President/CEO

Strengthening our mission to provide help and hope to the underserved.

As El Proyecto del Barrio enters our 48th year of providing services to those most in need in our communities, we are advancing our mission of delivering high-quality services to address those needs.

From our humblest beginnings to the provision of the multiple and wide-ranging health and human services that include:

- Nearly 180,000 visits to our health centers annually
- Our employment programs that have secured hundreds of employment positions for adults and youth.
- Our child development centers, substance abuse, and behavioral health services that have significantly improved the lives of those we serve.

We are excited to have opened our new corporate office and an eight (8) operatory dental clinic in Arleta.

We have begun work on an expansion of our Arleta Family Health Care Clinic that will add an additional 15 exam rooms. And we are continuing our partnership with the African American Leadership Organization (AALO) in jointly conducting health fairs in the Northeast San Fernando Valley.

El Proyecto's incredible journey continues, as we have grown to become one of the 10 largest nonprofit organizations in the San Fernando Valley. To accomplish the success that we have experienced takes a Board of Directors with a vision and dedication, and a management team and staff that work tirelessly to grow and maintain the quality of our services.

As President/CEO of El Proyecto del Barrio, I'm proud of our history, our accomplishments and our legacy of meeting emerging community needs. We are committed to expanding access to underserved populations, providing high quality care to all we serve, and never turning away a person in need. This is our unwavering commitment to the future to the people of the communities we serve.

We have achieved more than we ever envisioned at our beginnings. And while we are very proud of our heritage, we pledge to continue to fight for the communities we have stood with for nearly a half-century.

Sincerely,

A handwritten signature in blue ink, reading "Corinne Sánchez". The signature is fluid and cursive, written over a light blue horizontal line.

Corinne Sánchez
President/CEO

El Proyecto Increases Medical & Dental Access

Creating a New Headquarters, Dental Clinic and Expanded Medical Clinic.

MAJOR 2017-18 ACCOMPLISHMENTS INCLUDED:

- Renovated and refurbished a facility at 8932 Woodman Avenue in Arleta that houses the new El Proyecto Corporate Office and a Dental Clinic. We are also expanding our existing Arleta Clinic.
- Worked with our local Congressional Representatives (see photos on page 3) to advocate for the continued provision of health services under the Affordable Care Act, and for passage of a spending package that included an additional five years of funding for Community Health Centers; the National Health Service Corps; and the Teaching Health Centers Graduate Medical Program.
- Worked with our local State elected officials to advocate for passage of 340B (Drug Discount Program for Federally Qualified Health Centers), AB2204 (Intermittent Clinics), and AB 2428 (Consolidated Licensing).
- Collaborated with Our Lady of Grace Parish & Temple Judea to organize Citizenship Workshops for the community at our Winnetka and Panorama City clinics.
- Held a luncheon for the Southern California Workforce Partnership at the El Proyecto WorkSource Center in Sun Valley. The Partnership sponsors and promotes job training programs and activities to benefit low-income, minority and under-employed persons and to foster cooperation and efficiency among job training services providers.

In addition to working to expand access, we continued to focus on the quality of our services. The chart on page 7 illustrates how well we are doing compared with other federally qualified health centers. It's just one of the many ways we bring hope to those who need it most in the communities we serve.

Working Closely with Federal & State Officials

With Congressman Brad Sherman

With Congressman Tony Cárdenas

With Congresswoman Grace Napolitano

With Supervisor Hilda L. Solis and Jennifer Newsom

With State Senator Robert Hertzberg

With Assemblymember Luz Rivas

Health Care Services that make a huge difference

We're expanding vital health & wellness services to our communities.

ACCESSIBLE AND AFFORDABLE HEALTH CARE

El Proyecto Health Clinics provide accessible and affordable health care services to the growing underserved population in San Fernando Valley and San Gabriel Valley communities. El Proyecto's health care operations include:

- Arleta Family Health Clinic
- Arleta Dental Clinic
- Winnetka S. Mark Taper Foundation Center For a Healthy Community
- Azusa Health Center
- Panorama City Esperanza Clinic
- Baldwin Park Clinic
- Northridge Community Clinic
- Behavioral Health Services

OUTSTANDING QUALITY

Nearly 180,000 patient visits occur each year at El Proyecto del Barrio clinics. On many quality measures, El Proyecto's performance is substantially better than other federally qualified health centers throughout the state.

HEALTH AND WELLNESS SERVICES

(Services vary by clinic location)

- Family Practice
- Obstetrics and Gynecology
- Pediatrics
- Dental
- Podiatry
- Behavioral Health Service
- HIV Counseling, Testing and Treatment
- Laboratory Services
- Family Planning and Counseling
- Comprehensive Perinatal Services Program
- Women's Health
- Mammograms
- Immunizations
- Radiology
- Pharmacy
- Pregnancy Test

A young patient prepares for his first treatment at El Proyecto del Barrio's new 8-chair Dental Clinic in Arleta.

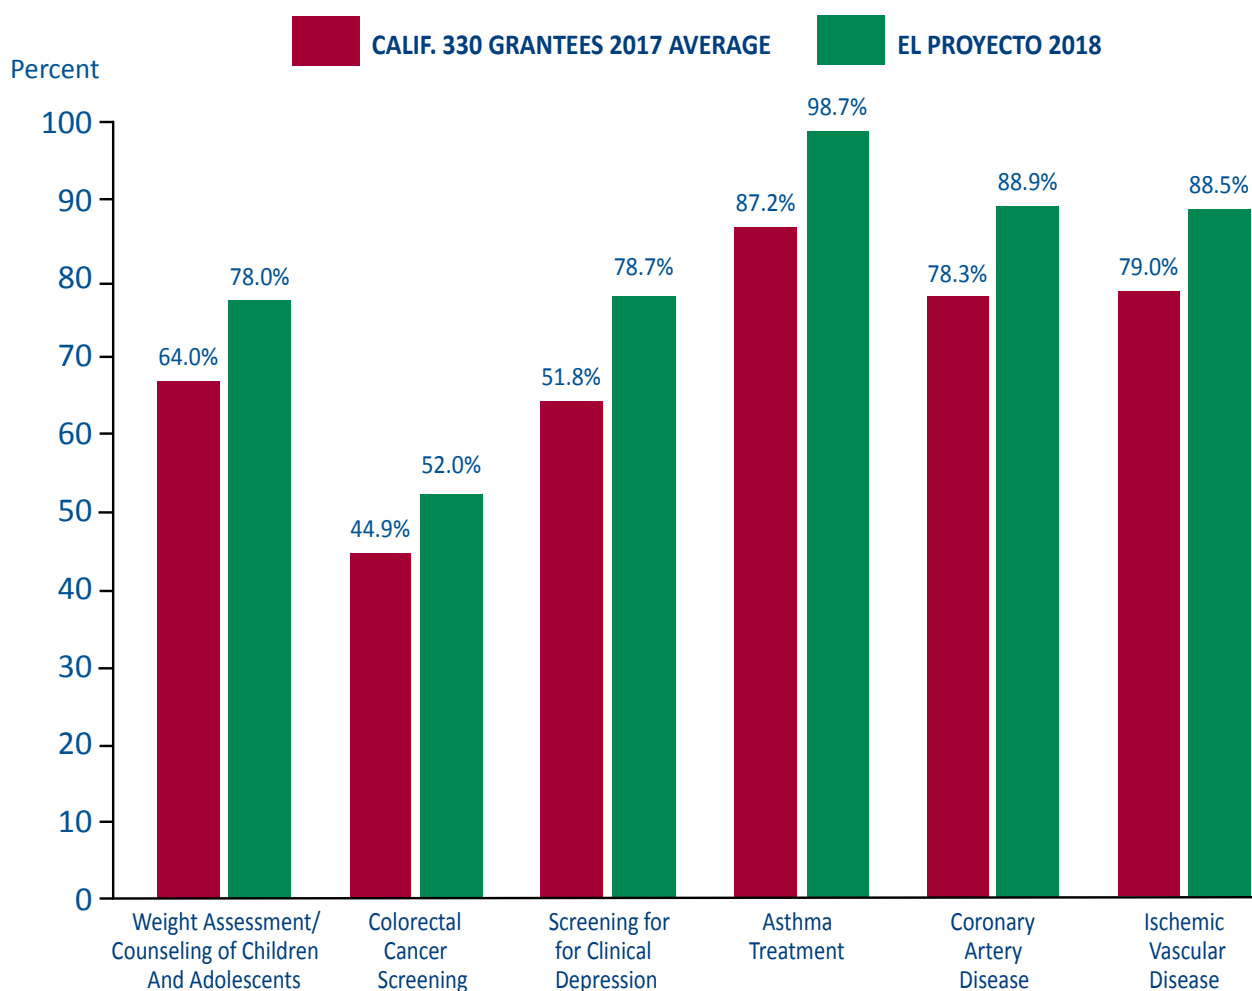

Our quality of care is significantly better than the average of other California Federally Qualified Health Centers.

UDS Quality of Care Indicators

Our Quality of Care is higher than the average of California 330 grantees.

A New Way to Help Our Children Get a Great Start

El Proyecto's Child Development Services have expanded to East L.A.

NURTURING AND INSPIRING CHILDREN

El Proyecto Child Development Centers in Panorama City and East L.A. are each licensed to serve 150 preschool children aged 3.9 through 4 years. The Child Development Program is currently funded by the California Department of Education. El Proyecto Child Development's philosophy is to nurture and inspire children's individual growth and creativity. We recognize that every child is unique with his/her own individual time frame for growth and development. We take into account each child's level of development, age, uniqueness, culture and language. Child's work is play. Our high-quality child development services are no-cost.

CREATIVE CURRICULUM SUPPORTS LEARNING

The Creative Curriculum promotes learning and cognitive development through play and activities that promote language, literacy, critical thinking, and sensory and gross motor development. Learning is further supported through:

- Bilingual (English/Spanish) instruction
- Nutritious snacks
- Our child development staff is credentialed by the California Department of Education

El Proyecto del Barrio participates in many community health and workforce development events annually.

El Proyecto del Barrio's Child Development Centers nurture and inspire children's individual growth and creativity.

The Art of El Proyecto Inspires Children's Creativity

Child Development Center participants create beautiful holiday artworks.

ENCOURAGING CHILDREN'S ARTISTIC TALENTS

The children of El Proyecto del Barrio's Child Development Center in Panorama City and Hilda L. Solis Early Education Center in East Los Angeles created the artworks for the 2018 El Proyecto del Barrio holiday card.

These colorful paintings are one of the ways these amazing three and four year-old children learn to harness their creativity and work with other children in the centers to bring their own magic to the pictures they create.

Here are some of their artworks, which we think are truly remarkable. We hope you agree!

Helping Job Seekers Find Work

Providing award-winning employment services for adults and youth.

WORKSOURCE ONESTOP

El Proyecto WorkSource Sun Valley (EPWS) “Provides a One-Stop Job Preparation, Skills development-Training, Job Placement, Job Transition and Job Retention Services to 18 and older residents. Staffing services are provided in collaboration with business-employers to assist businesses that are experiencing challenges in finding qualified candidates. EPWS will assist in identified local residents that are job ready, and match the skill sets required in occupational growth sectors. Services Funded by the City of Los Angeles, Workforce Development Board—Economic Workforce Development Department (EWDD).

YOUTHSOURCE PROGRAM

El Proyecto del Barrio’s YouthSource Centers provide a comprehensive array of employment and training services for youth ages 16-24 throughout the San Fernando Valley, primarily targeting out-of-school, out-of-job, drop-out youth and in-school youth. Our main services are to ensure the young people who have barriers to employment or education to obtain the skills and education based on the Labor market economy, including the demand sector and emerging industries to be in the workforce.

Our YouthSource Centers are recognized as Four-Star Youth Programs, the only ones out of the sixteen YouthSource Centers that are Certified Malcom Baldrige Award and (CAPE) California Award for Performance Excellence Prospector Award Recipients.

The YouthSource Program is funded by the Los Angeles Economic and Workforce Development Department (EWDD).

El Proyecto del Barrio WorkSource provides one-stop employment services to local residents age 18 and above.

El Proyecto del Barrio is advancing our mission of delivering high-quality services to those most in need.
